

Leaves of Absence with Pay (Non-Academic Exempt) Policy

Category: Human Resources

Approval: PVP

Responsibility: Associate Vice-President, Human Resources

Date: July 4, 1995, Last Revised January 2016

Purpose/Reason for Policy:

The purpose of this policy is to define and describe the various types of leave with pay available to exempt employees of Trent University.

Policy:

1. Sick Leave Policy for Employees Covered Under the Long Term Disability Plan

Each department shall keep accurate individual records of sick leave absences on the employees Attendance Form, and shall forward appropriate record summaries to the Department of Human Resources each month.

In the event of frequent absences or of an absence of more than four (4) days, a medical certificate will be required. When an absence is prolonged, monthly medical certificates will be required in order to ensure continuation of salary or wages. Subject to Provincial legislation or regulation these certificates will be paid for by the employee.

In the event of absence due to sickness or accident and upon receipt of satisfactory medical evidence, a regular or recurring employee who works seventeen and one half (17-1/2) hours or more per week and is enrolled in the Long Term Disability Insurance Plan will be paid regular salary or wages up to a maximum of six (6) calendar months. During this period of sick leave, the employee will continue to assume the cost of the employee's share of benefit and pension contributions.

An employee who holds a recurring appointment and becomes ill after notice of layoff will still be laid off under the terms of the appointment. Sick leave pay will be paid up to the time of layoff and will start again at the time of recall if the employee is still ill or disabled, provided a satisfactory medical certificate is produced. The total period of paid sick leave coverage both prior to and following the normal layoff period will not total more than six (6) months.

If at the end of six (6) months, the employee is unable to return to work, upon application to the insuring company for disability benefits and upon the company's approval of the application, long term disability benefits will commence.

Employees whose applications for benefits are not approved by the insurance company are entitled to apply to the Employment Insurance Commission, at the time of layoff, for sick benefits calculated on the basis of their insurable employment.

2. Sick Leave Policy for Employees Not Covered by the Long Term Disability Plan

Regular or recurring employees who work less than seventeen and one half (17-1/2) hours per week, or who are not entitled to LTD benefits, will be paid their hourly rate at the rate of one (1) normal working day for each month of service dating from the appointment date up to a maximum of sixty (60) normal working days, to the extent that these days have not been used on previous illness.

In the event of frequent absences or of an absence of more than four (4) days, a medical certificate will be required.

Contract employee are not eligible for sick leave, unless otherwise outlined in their appointment letters.

3. Sick Leave Policy for Employees Covered Under the Workplace Safety and Insurance Board (WSIB)

An employee who suffers an injury at work which is severe enough to warrant loss of time from work will receive full regular salary or wages from the University for a period of up to six (6) months from the date of the absence from work, provided medical evidence satisfactory to the University and the WSIB is received. The regular cost sharing of benefits and pension shall continue as if the employee was working. The WSIB will reimburse the University at a rate established by WSIB regulations.

If at the end of six (6) months, the employee is unable to return to work, the University will cease paying salary or wages and the WSIB will be instructed to pay the injured employee directly. This pay will be calculated at a rate established by WSIB regulations. Coincident with the employee receiving payment directly from WSIB, an application for long term disability benefits will be made to the insuring company providing these benefits.

If this application for long term disability benefits is approved, the amount of the WSIB payment will be deducted from the disability benefit payment.

At the same time as the WSIB starts to pay the injured or disabled employee directly, the University will commence paying for the total cost of the appropriate benefit and pension plans and will continue to do so while the employee is eligible to receive WSIB and/or long term disability benefits. Under certain circumstances, disabled and/or injured employees may engage in rehabilitative employment and continue to receive a portion of their WSIB and/or long term disability benefits.

4. Bereavement Leave

An absence, at normal pay, of up to five (5) working days leave shall be authorized in writing by an employee's supervisor for bereavement purposes with a copy of the authorization to the Associate Vice-President of Human Resources.

Three (3) working days will be granted in the event of the death in an employee's, father in law, mother in law, or grandparent. One (1) day absence will be granted for the purpose of attending the funeral of a brother in law or sister in law, son in law or daughter in law, aunt, uncle, niece or nephew. For those bereavements involving one (1) or three (3) working days, additional leave of up to two

5. Civic Leave

Employees subpoenaed to serve as jurors or witnesses in any court shall be granted leave of absence for this purpose, without loss of salary or benefits. A subpoenaed employee shall present a satisfactory certificate showing the period of jury or witness service and the amount of compensation received for such services, if any. If the employee deposits with the University the full amount of compensation received for jury or witness service and presents an official receipt, the University shall authorize payment of full salary for the period in question.
